**Description:**

Colorful beach baskets...

Inspired by colorful beach baskets and integrated in a modular system that allows two different height adjustments for the back, Basket lets you arrange your seating just as you like. This intelligently designed sofa provides a great setting for an intimate and cozy time alone or with friends, family or colleagues. An additional chair that completes the seating family will be ready in June. Basket is an all-round concept suited to both work and private spaces.

**Function:**

Both the chair and the sofa can be ordered with two different back heights 97 cm and with an extra top that has the back height 127 cm.

**Design: Matthias Demacker**

Matthias Demacker was born in southern Germany in 1970. He studied design at FH Niederrhein in Krefeld and at the same time worked with a number of different architects' studios on trade fair exhibition stands. After graduating, he moved to Munich, worked for a number of interior design studios and in 2003 set up his own. He has received many acknowledgements at an international level, such as the Interior Innovation Award, a nomination for the German Design Award (both in 2005), the Red Dot Award in 2007 and the Good Design Award in 2010.

His vision for design: 'make it special, but keep it simple'.
